Beam Ensembles clean virtually anything...
For whole-house cleaning convenience!

With each Beam Ensemble you get the proper tools to easily
and thoroughly clean any floor surface and virtually anything
above the floor!

FEATURES:

- *An "air ensemble" is meant for homes that are mostly hardflooring, and offers the most economical price in our line.*
- *For serious bare floor cleaners. The Ultra air kit includes our new SUMO oversized wand and handle system, tools with lights and 30' (10M) of light weight, crushproof hose. The handle mounted switch allows you to turn the vacuum power on and off with the flick of a switch.*

SPECIFICATIONS:

Includes 32' or 40', LV, crushproof hose with ergonomic Ultra handle and new SUMO telescopic wand. Premier tools with lights including utility brush, dusting brush and gentle brush. Also includes floor brush, crevice tool, wand storage caddy, cloth tool caddy, round tool adapter and hose rack for wall mounting the hose.

convenient.

value.

Beam Ensembles clean virtually anything...
For whole-house cleaning convenience!

With each Beam Ensemble you get the proper tools to easily
and thoroughly clean any floor surface and virtually anything
above the floor!

FEATURES:

- **Great value and great cleaning power.**
- **The kits still includes parts for hardfloors too.**
- **Crushproof hose- Made from smooth gliding plastics these hoses are light weight and easier to carry around. Although they can be kinked or crushed when stepped on, they regain their shape when the impact force is taken off the hose. Lower weight makes these a better option for carrying up and down stairs. A hose sock is recommended to prolong the hose life, and take care of wood trim in homes.**

SPECIFICATIONS:

Includes 30' or 35', 110/24VV, crushproof hose with Ultra handle and new SUMO telescopic wand. SUMO tools with lights including utility brush, dusting brush and gentle brush. Also includes floor brush, crevice tool, wand storage caddy, cloth tool caddy, round tool adapter hose rack for wall mounting the hose.

Beam Ensembles clean virtually anything...
For whole-house cleaning convenience!

With each Beam Ensemble you get the proper tools to easily
and thoroughly clean any floor surface and virtually anything
above the floor!

FEATURES:

- *Our best combination cleaning powerteam is known simply as the Q. We designed the Q powerhead to be a best cleaner in the industry, and to do it all while being the quietest brush on the market. A permanent V-style belt, height adjustment, soft wheels and LED lights make the Q powerbrush your best carpet cleaning pal. Concealed cord at the handle end, mean no hanging cord to vacuum over, or get in the way. Also within the Q package are the SUMO oversized tools and telescoping wand, plus a 30' (10M) crushproof, or wire reinforced hose. In addition a hose storage rack and tool storage are included, for easy storage. If you want the best combination cleaning powerteam- go for the Q!*

SPECIFICATIONS:

Includes 30' or 35', 110/24VV, crushproof hose with Ultra handle and new SUMO telescopic wand. SUMO tools with lights including utility brush, dusting brush and gentle brush. Also includes floor brush, crevice tool, wand storage caddy, cloth tool caddy, round tool adapter hose rack for wall mounting the hose.
